May 20, 2011

Dear Chris,

Thank you for the positive news concerning our renewal proposal for the NCERA-101 committee. Our group met earlier this month and discussed the proposal and how we would address the lone comment from the review team. We are happy to submit an updated proposal with a more up-to-date literature section that shows the group's continued cross-location cooperation and focus on issues related to or using controlled environment technologies. We hope that the review committee finds these changes satisfactory and the proposal is accepted.

Please do not hesitate to contact us again if you feel there are additional areas to improve in the renewal proposal. And on behalf of the NCERA-101 membership, I want to thank you for your help in guiding us during the submission process.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Frantz', with a stylized flourish at the end.

Jonathan Frantz  
Past Chair, NCERA-101
