Bret,

Thanks! I see that it already has some participants – and that you sent out the invitation to participate. Remember that, when you submit it as final, you need to provide the names and contact information of four peer reviewers.

I am finally feeling better – it was a long road to recovery! Is all well with you?

Harriet

Hello Harriet,

The proposal has been submitted! Sorry again for the delay. Hope all is well.

Bret

Hi Harriet,

Joanne let me know you had questions about this proposal. The writing committee sent me a revised proposal late last week, but I've been traveling and haven't had a chance to enter it in NIMSS. I will try to get this done as soon as I have access to my computer. Sorry for the delay on this one.

Bret
