Budget Narrative

A small business owners list which includes contact information will be purchased from ReferenceUSA. During years 2-5, a summer fellow will be invited to do research as part of the NCRCRD related to the multistate project.

The USDA-funded NCRCRD core budget will support a research and Extension specialist, communication specialist, and any travel required. The research and Extension specialist will assist with data collection, analysis, and dissemination. The communications staff to assist with the marketing and execution of webinars, and travel to conferences to present draft project outputs.
