

2019 NCERA 222 Annual Meeting
March 12-13, 2019
University of Missouri
Columbia, MO

Meeting Minutes

U of Missouri Introduction & IPM Projects

NCIPM Center Update - MSU and ISU leading Center

4 signature programs

- Invasive species (all four centers)
 - Develop Response Kit
 - WGs
- Pest Resistance Management
 - IPRMP (Iowa Pest Resistance Management Project), Southern IPM
 - Collaborate with IR4
- Pollinator and monarch conservation
 - Tie researchers and extension personnel
 - Provide resources and help coordinate educational efforts
 - Support communication dissemination
- Advanced genetic tools and IPM
 - Support the collaboration of pest management experts and plant genetics
 - Conduct assessment

Grants program (1 year proposals)

- Working group grants
 - Received 18, funded 13
- Critical issues
 - Received 10, funded 2

Advisory Panel

- IPM practitioners
- Educators
- Partner Organizations
- Working groups
- Coordinators or other university based administrators

Steering committee – subset of advisory panel

Evaluation

- Context, encourage people to respond if contacted

Communications

- Connections still exist – job opportunities, NIFA opportunities, etc.
- Monthly newsletter – captures activities of all IPM groups, webinars, pubs, etc.
- New website – currently in progress
 - Get updated information to Ethan

Administration update – Jeff Jacobsen

- Need to have multi-state updates
 - Perhaps set up future agendas to specifically address 4 objectives
 - Identify topics outside of meeting that could fulfill an objective for multiple states
- Add publications (and outputs) into NCERA 222 report
- Mass confusion on the report
- ECOP and ESCOP update
 - All budget lines being looked at in NIFA (45 lines) with hopes of consolidating to be more like NSF/NIH (strategic re-alignment)
 - Chair Ed Jones and Deb Hamernik are going around the hill to represent Extension and Research
 - ERS and NIFA relocation sites narrowed from 136 to 67 (middle list)
- APLU – Doug Steele

NIFA Update – Rubella Goswami

- Lots of changes
- President's budget came out yesterday – changes will still happen
- 2018 Farm Bill signed in December
 - New items such as urban, indoor RFP
 - Increased funding for organic
 - Emergency citrus disease research
 - NPDN – some additional funds?
 - Biosecurity planning and response
 - Indirect cost limitations may see modifications
- NIFA listens – 5 listening sessions
- NIFA move – slated to be complete by the end of 2019
- There are programs – ARDP open now
- EIP Continuation Awards
 - Letters are being drafted to us for continuation application to NIFA
 - Letter will include clear instructions on what specially needs to be forwarded to NIFA for continuation and for REEport
- It will be up to us how PIs report to IPM coordinators (as per their requirement)
 - Poster presentation could work, with lots of hesitation with that answer
 - Stay in conversation with Rubella about this
- Evaluation question from Jim – they are considering SARE model, but need to give more thought. Think that we should want to keep our flexibility.
- Daren (not Jim) had a good idea.
 - National Evaluation webinar?

National IPM Coordinating Committee Update – Patrick Beauzay

- Pat led the whole doggone thing
- Want a national IPM Coordinator – but don't know how to pay for it.
- Pesticide safety discussion – need to address as an individual part of IPM
- STEM and STEM education in agriculture was discussed
- National IPM Roadmap is done
- Jill Schroeder taking over for David Epstein's role with IPM

PSEP Stakeholder Team IPM Workgroup – Lee Miller

- PSEP wants to integrate with IPM
- States interact differently with IPM programs
 - ND (and several other proposals) – written into grant
 - The coordinator may be the same for some states (MO, KS)
 - Some states may need help with unfunded mandates, securing more funds for staffing. Depends on state though.
 - Big difference is states that can charge for education on private pesticide training

Pollinators

- iPIPE hard to use. Process is clunky and hard to use. Perhaps this isn't a viable method moving forward because it is designed for researchers and programmers with very little current utility for public consumption.
- Why can't they use an Excel spreadsheet?
- Multistate pollinator habitat project was a success.
- Perhaps gain a regional publication from this?
- There is a consensus that publishing the pollinator data at some level would be valuable.

State reports

- See Accomplishments Section

NCERA 222 Business Meeting

- Approved meetings – Jim approves; Cliff seconds notion
- Joy Landis will be chair for next year; meeting will be in Michigan.
- Last two weeks of March will work – Joy will identify facility and let us know dates.
 - First choice is the last week of March
- Cliff Sadoff has been elected as vice-chair for 2020; to be chair in 2021 (NCERA 222 meeting will be in Denver with the National IPM Symposium)
- We need to have our summary of our EIP programs as per the requirement in the RFP.
 - It will be mandatory that all states participate next year – either live or Zoom to complete this requirement
- State reports – get them uploaded on Basecamp
 - Remember to include multi-state activities
 - Remember to include publications and outputs
- IPM Symposium – be thinking about topic or theme to discuss next year or through Basecamp

Meeting Agenda

Tuesday, March 12

Time	Gillett/Ware Room (S206) Memorial Student Union
8 – 8:30	Intro & Greeting – CAFNR Dean Chris Daubert, Assoc. Dean Rob Kallenbach
8:30 – 9:00	Fungicide Resistance Management in Frogeye Leaf Spot – Kaitlyn Bissonnette (MU)
9:00 – 9:30	Dicamba & Weed Science Extension Efforts in MO – Kevin Bradley (MU)
9:30 – 10:00	Japanese Beetle Attract and Kill Strategies – Kevin Rice (MU)
10:00 – 10:15	BREAK
10:15 – 10:45	<i>ARDP Project</i> : Development of Attract & Kill Pest Management Tactics for Critical Insect Pests of Fruit – Matt Grieshop (MSU)
11:15 – 11:45	NC IPM Center Update – Lynnae Jess, Daren Mueller CONTEXT – agribusiness consulting firm looking at NC IPM Center for assessment. Monthly newsletter with events. New publications. Working group updates. Connections and newsletter two separate entities.
12:00 – 1:00	LUNCH (Reynolds Alumni Center)
Time	Hampton Inn Conference Room
1:15 – 1:45	ECOP/ESCOP/APLU/Administrative Update - Jeff Jacobsen
1:45 – 2:45	NIFA Update – Herb Bolton, Rubella Goswami
2:45 – 3:00	Discussion on EIP RFA Format
2:45 – 3:00	BREAK
3:00 – 3:15	National IPM Coordinating Committee Update – Pat Beauzay, Bob Wright Jill Schrader
3:15 – 3:30	PSEP Stakeholder Team IPM Workgroup – Lee Miller IPM Roadmap includes PSEP Value of PSEP Survey instrumentation utilizing PSEP audience
3:30 – 5:00	State Reports – One Innovative Program
5:00	ADJOURN FOR THE DAY
6:00	Meet for Dinner in Lobby (Glenn's Café - www.glennscafe.com)

Wednesday, March 13

Time	Hampton Inn Conference Room
8:30 – 9:00	Open Discussion: NCIPM Pollinator Habitat Survey
9:00 – 10:00	Finish State Reports
10:00 – 10:15	BREAK
10:15 – 11:00	NCERA 222 Business Meeting <ul style="list-style-type: none">• State Reports to Lee Miller• Elect New Chair• Set Date/Location for 2020 Meeting• New Business
11:00	ADJOURN
