

**NE-2248 Multi-State Research Program Annual Meeting**  
Mastitis Resistance to Enhance Dairy Food Safety, Milk Quality, and Animal Welfare  
Annual Business Meeting  
Chicago, IL  
Nov 3, 2022

1. The 2022 (FY22) annual business meeting of the NE-2248 Multistate research project was called to order at approximately 5:00 pm.

2. Members present at meeting: 7; stations represented: 7; attendance at conference: ~30

Bill Owens	Louisiana	Louisiana State University
Pamela Adkins	Missouri	University of Missouri
John Barlow	Vermont	University of Vermont
Sandra Godden	Minnesota	University of Minnesota
Paolo Moroni	New York	Cornell University
Dave Wilson	Utah	Utah State University
Pamela Ruegg	Michigan	Michigan State University

3. There was no Project Administrator’s report. Pamela Adkins shared the USDA NIFA updates document which was provided by Kathe Bjork.

4. Discussed that all members need to fill out an Appendix E and that we need a technical representative at each station. The Appendix E lists all members of the project.

5. Discussed the annual report (needs to be completed within 60d after the meeting). The report will be appended to these minutes and filed in NIMSS.

6. Discussed recruiting to get more people to join the NE-2248 project. Members made suggestions and committed to reach out to potential project members.

7. Tentative plans for upcoming meeting – 2023 will be in Chicago and 2024 will be in Ghent.

8. John Barlow was nominated to serve as the NE-2248 secretary, agreed to accept the nomination, and was elected.

9. Meeting was adjourned.
