MEMORANDUM

TO: Technical Committee and Collaborators
Multistate project NE-1334
Genetic Bases for resistance and immunity to avian diseases

FROM: Robert L. Taylor, Jr., PhD (bob.taylor@mail.wvu.edu)
Professor

DATE: July 10, 2018

RE: Technical committee meeting

The Multistate project NE-1334 Technical committee will meet September 28 – September 30, 2018 at West Virginia University.

Dr. Mark Parcels (parcells@udel.edu) is the meeting chair, according to my records. He will set the order of presentation which will be end our old project NE-1334. Our new approved effort, NE-1834, will cover October 1, 2018 to September 30, 2023.

Two blocks of rooms have been reserved at Morgantown hotels. Both sites have the same \$109/night room price. Please contact the hotel of your choice directly referring to the block of rooms for multistate project NE-1334.

Hampton Inn
1053 Van Voorhis Road, 304-599-1200
Holiday Inn
1188 Pineview Drive, 304-241-6649

The meeting will be held on campus at the Agricultural Sciences Building. Our schedule will vary slightly from prior years as explained below. We will meet Saturday, September 29 from 8:00 to 5:00 p.m. Then, the group will reconvene at 6:00 p.m. at the Taylor home (4009 Greystone Dr.) for a reception featuring heavy hors d'oeuvres. The meeting will continue Sunday from 8:00 until all reports are completed.

This announcement has been forwarded to NERA Executive Director, Dr. Richard Rhodes. His office will issue the necessary meeting authorization.
