

United States Department of Agriculture

National Institute of Food and Agriculture

April 20, 2010

Director Steven G. Pueppke
Michigan – Michigan State University
Agricultural Experiment Station
109 Agriculture Hall
East Lansing, 48824–1039

Dear Director Pueppke:

The Executive Director on behalf of the Regional Directors Association has RECOMMENDED APPROVAL of the following MRF project NC–205 – Ecology and Management of European Corn Borer and Other Lepidopteran Pests of Corn beginning October 01, 2010 through September 30, 2015.

NIFA concurs with the recommendation of the Executive Director and has APPROVED this project. A copy of the approved MRF project outline will be available to all participating stations and agencies via the National Information Management and Support System.

Sincerely

A handwritten signature in black ink that reads "Barbara A. Hewitt".

Accountability and Reporting Leader
for Dr. Ralph Otto
Associate Administrator, NIFA
