Subject: Interest in WERA 1001

Dr. Vicki McCracken
Administrative Advisor WERA 1001
Agricultural Research Center
403 Hulbert Hall
Washington State University
Pullman, WA 99164-6240

I am writing to indicate that I am very interested in participating in the activities of WERA 1001, Rural and Agricultural Surveys, when it is renewed. I am extensively involved in designing and conducting surveys and feel that I would derive great benefit from collaborating with WERA participants, not only to improve my own surveys but also to contribute to work with others on designing, interpreting **and/or** disseminating results of research on ways to improve the conduct of sample surveys.

I attended the WERA 1001 meeting in Tucson this spring for the first time and found it be an exceptionally useful meeting. I am excited about being able to continue doing this.

Sincerely,

Angela G. Mertig
